AEROTAPE®

The High Quality Self-Adhesive Insulation Foam Tape

AEROTAPE is the flexible and self-adhesive insulation foam tape which is made from the same elastomeric material as **AEROFLEX** Closed Cell Insulation.

Ideal for wrapping hot or cold piping and fittings. Energy saving and very easy to use. Excellent for preventing condensation problems. Designed specially for retarding heat loss in hot pipings and preventing heat gain or frost formation on cold, chilled water pipings or refrigeration lines.

Adheres firmly to all metals. No problem of delamination. **AEROTAPE** is specially coated with selected acrylic pressure sensitive adhesive providing long service life.
